Vengeance Part 1

Vengeance, a Wings of Fire Fanfiction

Hey guys, Otter again, this is the sequel to "Love's Troubles"

Flamethrower's POV

It was Dawn when me and my four highest soldiers, Jupiter, Comet, Falcon, and Stormblaze, set out for the Sky Kingdom. Tsunami had told me how a SkyWing stole Anemone, her sister. And I was going to take her back.

"Flamethrower, when in all of the moons are we going to get there," asked Falcon, the smallest of the five of us.

"Just a few more minutes, the mountains are right over there, see?" I pointed to the mountains and the large palace that lay beyond it.

"Who took her," asked Jupiter, the strongest and largest of the other four.

"I don't know for sure," I admitted. "But I intend to find out."

It was only a few moments later, that me, and my guards, were in the Sky Kingdom. It was more threatening than I had remembered, with some buildings burnt down and the sky smoky and humid.

We landed in the center of the kingdom, SkyWings eying us from every direction.

"Look who came back," Scarlet said as she landed a few feet from us. "Oh, look, you brought some friends," she said as she traced one claw in a circle on my chest.

I growled and said "I'm not here for you. I'm looking for a SeaWing you _stole." _

"Oh yes, she's right here," Scarlet said as a guard brought Anemone out wearing chains. "But you'll have to pay a price first," she said, stepping closer.

"What do you want? Rubies? Emeralds? I've got plenty of gold."

"No, I was thinking of something else," she said seductively.

"Spit it out, SkyWing," I snarled.

"How aboutâ€¦ A kiss," she said as a grin spread across her stupid face.

"Over my dead body." I said.

"Alright, then," she said as her guards stepped closer and bared their teeth while mine did the same.

"You know me and Tsunami are together," I said. "I can't."

All of the SkyWings around us started howling with laughter, and that pissed me off.

"SHUT YOUR MOUTHS BEFORE I TURN YOU INTO LIZARD STEW." I roared. That seemed to be the trick, all of the SkyWings started settling down.

"Come on, Flamey," Scarlet said. "I know you still love me." I turned to my guards, and they all nodded sheepishly, signaling for me to do it.

Do this for Tsunami, I told myself. _She would never be the same without Anemone._

"Alright," I said in a very commanding tone. "I will kiss you and you will give Anemone back."

"I'm waiting," Scarlet mused. SkyWings in every direction were giving me the "thumbs-up" signal. I sighed, took a deep breath and kissed her on the cheek. It was the most gut-wrenching, life-shattering moment of my entire life.

It was at that moment that someone knocked me out, and put me in a sack.

I woke up with my legs bound with chains, preventing me from moving.

"WHERE AM I," I roared at the top of my lungs. "WHO DARES TO CHAIN ME UP?!"

It was at that moment, that everything came together, the pieces

finally snapped in place. Scarlet was standing right in front of me. My heart began to hammer in my chest.

Without warning, Scarlet pounced on top of me. Feeling embarrassed, scared, angry, and confused at the same time, I shivered.

"Hey there, Flamey," Scarlet said. "I've missed you."

"What the hell do you think you're doing?" I growled

"Oh, just," she started. And then began drawing a circle on my chest with her talon. "Finishing business."

I didn't exactly know what she was talking about. I clenched my eyes, racking my brain.

Flashback

"Hey, Scarlet, I'm back from battle training." I said as I kissed Scarlet.

"Flamey," she started. "There is something I've been meaning to ask you for a long time, and I guess I never really had the courage to."

"What is it?"

"Will," she started in a soft voice "Will you be my mate?"

Flashback end

I knew what this was all about.

Scarlet had planned this the entire time. Kidnap Anemone, lure me into her kingdom, and lock me up in this "chamber" of hers.

Now that seeing Scarlet here, still loving me after all these years, even after I killed Smolder, made me realize something.

I have to choose between Scarlet and Tsunami.

The End
